

BOND ELECTION FOR HIGH SCHOOL

Board of Education Will Ask Taxpayers for Money to Erect Building.

Members of the city board of education say that absolute necessity for a new high school building in Salt Lake was clearly shown when seven members of the board met in the assembly room of the high school and later inspected the several buildings and departments of the school. As a result of that meeting, it is almost certain that within a short time the board will put the proposition up to the taxpayers for a bond issue of \$500,000 for the building of a new school.

The meeting yesterday was attended by James T. Hammond, president of the board; W. J. Barrett and wife, O. W. Moyle and wife, W. J. Newman, MacDonah Thomas, L. M. Bailey and C. S. Martin of the board, Superintendent D. H. Christensen and L. P. Judd, clerk of the board.

The assembly room over the gymnasium was packed with 600 boys, three in a seat, and 800 girls were forced to assemble on the lawns of the school, as there was no other place for them. This is a daily custom, and when winter sets in there will be no chance for them to assemble. This was dwelt upon by Principal George A. Eaton, who explained the need for more room.

Captain W. C. Webb praised the cadets for their appearance and behavior at the Seattle fair.

Principal Eaton declared there was hardly room at the high school for more than 1,500 students, but there are more than 1,400 at present. When the mid-year graduates from the grade schools start to the high school room will have to be made for 200 or 300 more students. The high school now occupies all but four rooms of the Union grade school, which is on the high school grounds, and even if the Union is given over to high school purposes room will be insufficient.

Superintendent D. H. Christensen spoke of the necessity for a new and larger high school for Salt Lake, and was seconded by President James T. Hammond of the board. All of the members are of the opinion that a larger high school is one of the urgent necessities of the very near future.

After the noon exercises in the assembly hall members of the board were treated to a dainty luncheon, and later inspected the domestic science and other departments.

COUNTY TO SPEND \$5,000 ON ROADS NEAR GRANITE

County Commissioners John C. Mackay and Walter J. Burton, Road Supervisor Willard Shaw and County Surveyor Joe Swenson were out all day yesterday inspecting the county roads and culverts near Granite. Roads and culverts were found to be in fairly good condition, but repairs will be necessary in many places. The county will spend about \$5,000 for improvements on the roads in the Granite district this fall.

CHattel MORTGAGE ON CULLEN HOTEL PROPERTY

A chattel mortgage, to cover a promissory note for \$10,000 on the Cullen hotel property, was filed in the county recorder's office yesterday by John and Lovena Condon and Mrs. Kathleen Heywood, conveying the property to C. M. Freed, trustee, for a loan of \$10,000. The mortgage is for \$10,000, with interest at 6 percent, and is payable in 10 years. The property is located on the south fork of the Provo river in the names of Hyrum Baird and A. J. Sprague. The officers of the new company are: James G. Duffin, president; A. J.
